

Nour Zaouk is a data analyst on the USAID Monitoring Evaluation Program for Lebanon with EnCompass LLC. She is a public health professional who is specialized in health promotion and community health, with an undergraduate degree in biology/pre-med. With almost 6 years of work experience, Ms. Nour has worked in private and public sectors, such as being a volunteer with Lebanese Red Cross, a clinical research coordinator with the American University of Beirut Medical Center (AUBMC), and a monitoring and evaluation officer with Middle East and North Africa Harm Reduction Association (MENAHR). She aims to help organizations implement strategies to promote healthy lifestyles, conduct research, develop policies and regulate health systems by bringing in her expertise, knowledge and skills.
