

Understanding the Impact of Captagon & Methamphetamine in the MENA Region Civil Society Perspectives

In Partnership with EUDA, EU-ACT, IDPC, and UNODC ROMENA, organized a webinar titled "Understanding the Impact of Captagon & Methamphetamine in the MENA Region – Civil Society Perspectives."

The event was held in a hybrid format, with participants joining both in person in Tunis and online. It brought together experts and representatives from civil society to explore the increasing challenges associated with Captagon and methamphetamine use in the MENA region.

MENA HRA's Executive Director, Elie Aaraj, discussed the organization's role in the MENA region and its significant impact on shaping regional responses. As part of the discussion, MENA HRA also provided a regional overview of the state, impact, and future prospects of Captagon and methamphetamine use across the region.

Project Oversight Visit to Egypt: Hep C III Implementation in Progress

As part of the "Innovate, Involve, Inspire: Preventing Hepatitis C through Community-Led Harm Reduction" (Hep C III Project), MENA HRA conducted a mission to Egypt this month to support project preparations and oversee implementation efforts.

MENA HRA's Executive Director, Elie Aaraj, led the visit and held a series of strategic meetings with national partners, including the Ministry of Health and Population, Caritas Egypt, Al Shehab Foundation, and Freedom and Friends. The mission also included coordination meetings with Clinmax, the project's clinical research organization (CRO), as well as with the principal investigators overseeing various components of the study.
